Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Monday 31 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Warm and dry for most Tuesday.

This Evening and Tonight:
After a fine end to the day, most will have a dry night with clear periods. Cloud over North Sea coastal areas, mainly over east Scotland, will spread back westwards for some.

Tuesday:
Another warm, dry day with plenty of sunshine for most. Cloudier in parts of the east at first, clearing readily though eastern Scotland may hold on to this all day.

Outlook for Wednesday to Friday:
Another very warm day for many on Wednesday, though showers and thunderstorms are likely to develop from the southwest. Drier from Thursday with showers or thunderstorms confined to the southeast.
